LETTER FROM PRINCIPAL RENA DEESE

Welcome Back to School Alki Seagulls!

I am looking forward to an amazing school year ahead! Our theme for the school year is **"Always Learning, Always Growing."** Our goal is to nurture each and every child to be their best self, to love learning, and to be kind and respectful humans. In doing that, we want to model that making mistakes and showing resilience is a part of being a learner.

Over the years, I've seen a growing sense of anxiety among our young children who are living with the idea that they need to be "perfect." That thirst for perfection then leads to the fear of failure, afraid to take risks and be vulnerable. At Alki, we strive to be a school community where all students to feel safe to make mistakes and students are loved and appreciated for being themselves. Our Alki staff are working hard to learn and grow ourselves, modeling for our students what it means to be **"Always learning, Always Growing."**

We look forward to partnering with you and here's to the BEST SCHOOL YEAR YET!

With love and appreciation,

Rena Deese

LETTER FROM PTA PRESIDENT TOM HARRIS

Welcome back families!

The start of school can be bittersweet as summer seems to fly by so quickly. Now that we are a couple of weeks in, things are finally settling into a lovely routine. I love those.

Thank you to those that attended our first PTA meeting last week, we saw new faces and had candid conversations about respectful communications and school climate, and how both coincide with one another to reflect on our community at Alki. We have a board that I couldn't be more excited to work with, very engaged and more importantly, very positive. We look forward to collaborating with families, teachers and community partners this year.

Our drive this year is for equity and inclusion and we seek to hear every one of your voices as we assess the current state of our school climate. You will notice our purposeful intent to build respectful partnerships, as we work towards strengthening our family to family connections and improving our school's climate to welcome all families to share their experiences.

We are in the process of securing a date with a wonderful non profit, **Families of Color**. They specialize in community dialogues, workshops, and consulting on race, family engagement, and anti-bias education. Everybody is welcome and the more people that show up, the greater chance that we will be there to support one another. Our enrollment in the **National School of Excellence** program will complement our efforts and align with our goals this year. A kickoff meeting is scheduled before our membership meeting on October 2nd, 2019 at 5:30PM.

As you may have seen at drop off last week, I am doing a **donuts and coffee chat** every Friday morning that I can, to answer any questions or concerns from you.

Thank you to **our auction chairs** who are absolutely moving mountains to make sure that this year's auction is legendary.

Thanks and respect to our volunteers, event chairs, board members and our staff and educators!

With love and joy,

Tom Harris
Alki PTA President

Our incredible kindergarten team is made up of **Mrs. Stevie Kramer, Mrs. Gayle Fiedroczyk, and Ms. Andrea Espinosa**. These three women have taught a combined 54 years!!!! If you have ever had the pleasure of seeing them interact with students, then you know how talented each of them are! Every year they welcome a group of brand new students to Alki, help them learn how to do all things school, guide families in the elementary school process, and set a foundation for both students and families to be successful in future years of education. Ms. Espinosa, Mrs. Kramer, and Mrs. Fiedroczyk spend countless extra hours working as a team to ensure that every student has a strong school support system for both academics and social development. We are so fortunate to have such a dedicated kindergarten team here at Alki!

BUILDING LEADERSHIP TEAM (BLT)

The primary function of a Building Leadership Team (BLT) is to promote and facilitate the collaborative decision-making process which affects academic achievement and to identify how to support the needs of students and staff in our building. This includes the school's efforts to ensure equity in discipline, learning and opportunity for all students.

Mission Statement: The Alki school community shares responsibility to ensure that each student achieves academically, socially and emotionally.

The more specific responsibilities of the BLT are to oversee the facilitation and development of:

1. Continuous School Improvement Plan (CSIP).
2. Schoolwide professional development plan to support the CSIP.
3. School's yearly budget.
4. Yearly review of the Decision-making Matrix.

Next BLT Meeting is Monday, October 14 (2:35 - 3:35 PM) in the Alki Library

Alki BLT meets on the second Monday of each month at 2:35 PM. Alki staff, families, and community members are invited to observe meetings of the BLT. Members of the community are invited to participate in the decision-making matrix as At-Large Parent Representatives (invited through the At-Large Nomination Process). This year Mel Spiker is serving as the PTA's Parent Representative, and will be sharing meeting summaries in Alki Currents. Reports to the community will be presented at PTA meetings as well.

The BLT met in August for a summer retreat. Scope and topics included detailed plans for Alki's all-school assemblies, best practices for reducing the risk of exposure to food allergens, Seattle Public School's Strategic Plan, and Alki's Professional Development Plan PDP). Alki's PDP aligns with Seattle Public School's Strategic Plan and focuses on high quality instruction and learning experiences in Science and Arts Integration, includes Positive Behavior Intervention Supports, and highlights development of Inclusive & Authentic Engagement Strategies. A link to the minutes from the retreat will be available on Alki PTA's website. Questions? Contact Melissa Spiker (secretary@alkipta.com)

SCHOOL OF EXCELLENCE

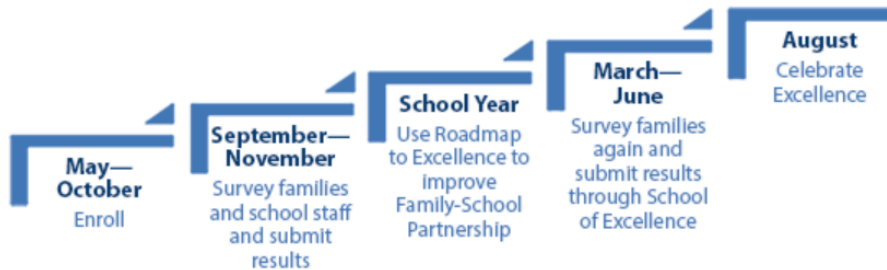

School Of Excellence Kickoff Party
Wednesday, October 2 (5:30 - 6:30 PM)
Alki Lunchroom

FREE PIZZA

Please join us in the lunchroom for pizza and refreshments as we celebrate launching into this year's National PTA School of Excellence program! The program

enriches the educational experiences and overall well-being for all children. We will assess our current state via a family and staff survey and receive a personalized roadmap to follow as we collaborate and work together to strengthen our students, families, and school. At a National School of Excellence, families feel welcomed, valued, and empowered to support student success and are confident to advocate for continuous school improvements. The timeline below illustrates our steps in the coming school year.

KIDS WELCOME

Join us to learn about different types of family engagement, the 6 National Standards that strengthen family-school partnerships, and how you can be involved in this important work this school year. Alongside Alki's educators, we will discuss which shared objective Alki would like to focus for the 2019-2020 school year. Your voice is essential; your experience is unique. Please join us at the table as we work to improve our school's climate and student outcomes.

Big thank you to **West Seattle's MOD Pizza** for providing pizza to encourage our families to engage and have your voices heard, and to **the Barone family** for graciously facilitating MOD Pizza's donation. If you have any questions or know that you would like to steer this project by sitting on its committee, please contact Mel Spiker at secretary@alkipta.com.

AROUND THE SCHOOL

***New* Alki Family Resource Center**

A huge thanks from Principal Deese to our amazing volunteers who helped transform our portable classroom from storage to a place for our community. Our goal is to make it a Family Resource Center, where families have access to Makerspace materials, computers, and other school resources. Stay tuned for more work parties to make this dream a reality!

Creative Movement Wednesdays with Mrs. Scranton and Mrs. K

We are so excited to bring in creative movement days for all students! Starting September 25th, every Wednesday, during your students PE or Art time, they will meet in the Gym with Mrs. K. and Mrs. Scranton. We will be doing a variety of activities that help your student explore movement with their bodies. Creative Movement Wednesdays will last until the end of November.

Why Creative Movement?

Creative movement is a way for children to explore and strengthen their ability to CREATE, PERFORM, RESPOND, and CONNECT to music because movement activities ask them to imagine, analyze, and express. Not only is movement a natural way for children to respond to music, but it is also how many children learn. Some of the benefits of creative movement are body awareness, including body control, balance stamina, and overall strength. We also work on spatial awareness, self-confidence, concentration, cooperation and collaboration, problem solving, and imagination. Most importantly, it's FUN! We are looking forward to an exciting new opportunity to team teach and really tap into our students' creative side!

A NOTE FROM THE NURSE

Hello! My name is Alison Angell, and I am the school nurse at Alki Elementary. I am at Alki on Thursdays, and every other Wednesday. Please stop by, call, or email me if you have any health concerns for your child. Health Office: 206-252-9507; Email: ahangell@seattleschools.org

Medication at School

An Authorization to Administer Medications at School form must be completed each year for medication your student will/may need at school and school camps. This includes all prescription and over-the-counter medications and remedies (Ibuprofen, Tylenol, anti-itch cream, etc.). An authorization form is also required for students to self-carry and self-administer any medications at school. This form can be found at the school office or the Seattle Public Schools website at: https://www.seattleschools.org/departments/health_services/forms/

Immunizations

Being fully immunized is important to keep all our students and staff safe and healthy. Some immunizations are required for continued attendance at school. Students may be excluded if their immunizations are not up to date. Seattle Public Schools uses the Washington state Immunization Information System (WAIS) to track a student's compliance. You may register with WAIS to have access to your child's immunization information at: <https://www.doh.wa.gov/ForPublicHealthandHealthcareProviders/HealthcareProfessionsandFacilities/DataReportingandRetrieval/ImmunizationInformationSystem/ForParents>

HOW TO JOIN PTA

PTA Memberships need to be renewed each year. You can join or renew at the following link: tinyurl.com/alki-pta-member-registration

Why PTA Matters

Did you know many decisions that impact children's education are not made by educators, or in their schools? These decisions frequently come from district, state or federal officials. According to the 2014 U.S. census, there are 114,991,725 households in the United States, but only 33,763,140 contain children of school age (age 3-18). This means that less than 30% of U.S. households have children in school, and over 70% do not.

When issues affecting children and schools are discussed, families with children need to join forces with teachers and school administrators to be heard, as there is a good chance that the people making the decisions (politicians, school board members, community leaders, etc.) do not live with children, nor have vested interest in play.

Who PTA Serves

PTA is the oldest and largest child advocacy association in America, comprised of over 24,000 local PTAs and 4 million members. As part of this nationwide network, parents have a voice in decisions that impact children in their individual schools, and at the district, state and national levels.

16.5M Students served in the U.S., District of Columbia, U.S. Virgin Islands, Puerto Rico and Department of Defense Schools in Europe

55% of PTAs serve Title I schools

59% of students we serve are students of color

71% of PTAs serve elementary schools

\$400K+ in grants awarded to PTAs/schools for program efforts

69% of dues spent on programs for PTAs and families

Our local PTA has the ability to join the organization's collective voice to share real-life experiences about what it is like to raise a family today—or go to school—with the critical decision-makers. If they don't live with or know about today's challenges, how can they clearly see tomorrow's solutions? It's not all about volunteering or fundraising, your voice is the most important piece of the puzzle!

ALKI PTA BOARD

Please welcome the following new members to the Alki PTA Board: **Melanie Granger** (Vice President), **Mike Uehara-Bingen** (Membership), **Dale and Jen Ross** (Fundraising), and **Laetitia Rettori** (Member-At_Large). We are excited that they have joined our amazing 2019-2020 Alki PTA Board, along with returning members **Tom Harris** (President), **Mel Spiker** (Secretary), **Nicole Bryant** (Treasurer), **Emily Anderson** (Events), and **Ali Pankop** (Communications). Check out their biographies in the Welcome Packet and online alkipta.com. They are excited about the year to come!

Are you looking to make a difference at Alki! Here is a great way to join in the conversation! We are always looking for people to join the Alki PTA Board! Current open board positions include Advocacy, Volunteer Coordinator, Communications Co-Chair, and Events Co-Chair! If you are interested or have questions, email us at info@alkipta.com. We'd love to meet with you!
